3. Barriers to future attainment (for pupils eligible for PP, including high ability)

In-school barriers (issues to be addressed in school, such as poor oral language skills)

- | | |
|----|---|
| A. | Oral language and communication skills are lower for pupils eligible for PP than for other pupils. This impacts on Reading & Writing progress in subsequent years. Vocabulary is limited, as well as grammatical sentence construction, handwriting and spelling across the curriculum. |
| B. | Social communication and behavioural difficulties for a small group of children across KS2 (mostly eligible for PP) are having detrimental effect on their academic progress and that of their peers. |
| C. | Pupils lacking self-esteem, confidence, independence and resilience. Pupils have difficulty managing their own emotions and well-being. |
| D. | On entry data lower than non-pp children, with slower progress in basic skills as children progress through school. |
| E. | Aspiration and attitudes towards learning, parental involvement, lack of resilience and failing concentration (Possibly due to routines and support at home) |

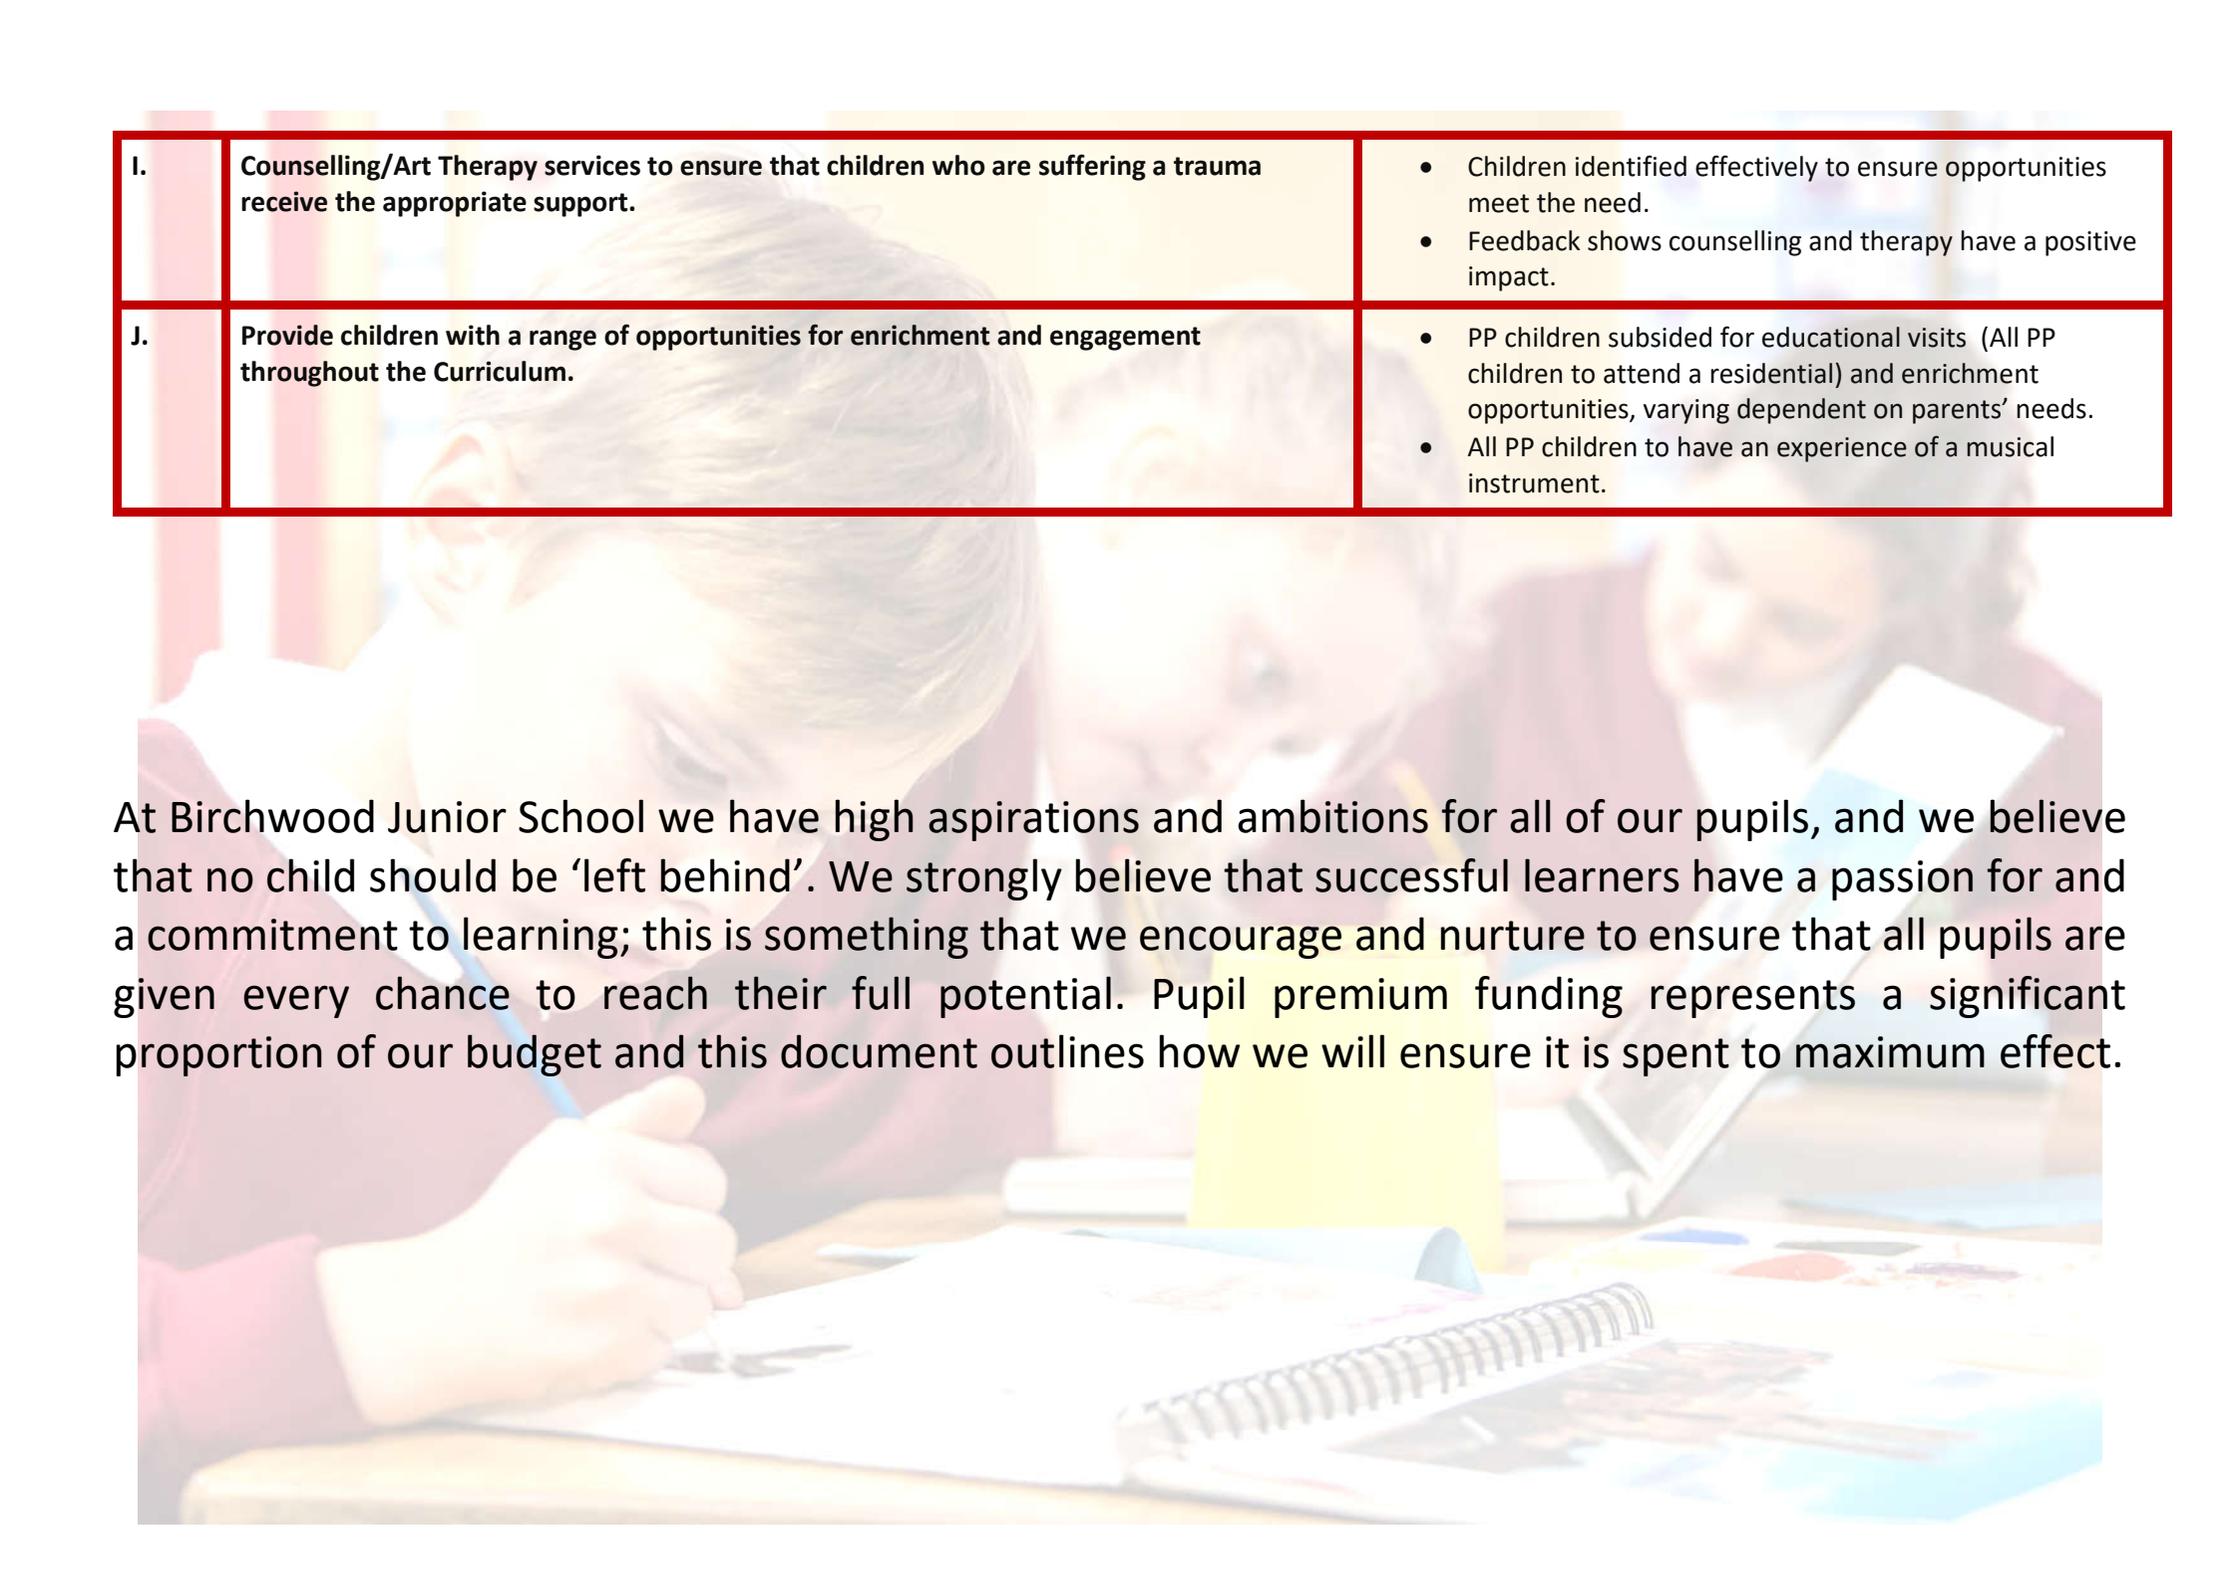

External barriers (issues which also require action outside school, such as low attendance rates)

- | | |
|----|--|
| F. | Low attendance, punctuality and persistent absenteeism. This reduces their school hours or prevents them accessing the start of lessons to fall behind on average. |
| G. | Family issues such as domestic violence, single parenthood, worklessness etc |
| H. | Poor nutrition and health attributed to many children not accessing a balanced diet |
| I. | Trauma and other mental health issues in the family and/ or child including loss and bereavement of loved ones |
| J. | Lack of life experience and lack of support / ability to support learning and home |
| K. | Safeguarding and welfare issues, sometimes with social services involvement |
