

Sports Premium Report

Birchwood Junior School appreciates the contribution of PE to the health and well-being of its children. We also acknowledge that a broad, balanced, high quality curriculum and extracurricular activities have a positive impact on concentration, attitude and achievement. The PE and Healthy schools team are committed to ensuring that all pupils receive a minimum of 2 hours of PE per week, delivered by well-trained and enthusiastic teachers. The Sport Premium funding is allowing us to develop a sustainable improvement in teacher confidence and a new curriculum based on developing children's physical literacy skills. Regular staff training opportunities are provided for teachers and teaching assistants (TAs) to keep them abreast of new initiatives. We run a Sports Week every year including competitive races for upper and lower KS2.

Teachers and TAs provide a wide range of after school sports clubs, both for team and individual sports. Birchwood Junior School works with a number of sports coaches and local clubs to ensure the children are provided with the best coaching available. This could not have been achieved without the support and commitment of local organisations as well as parents, which is very much appreciated.

Monitoring and Evaluation

- This report will be updated at the end of each academic year to identify the success of the above initiatives and the impact that they have had.
- Delivery will be monitored by the PE Leader in the first instance. This will be overseen and managed at senior level by the Headteacher and Deputy Head.
- Monitoring of coaching and teaching of PE within school will include observations of teaching, drop-ins to clubs run by school staff, volunteers and outside agencies to ensure that provision is of high quality.
- Review work will also be carried out by the leadership team of the impact of the sports provision to support staff training, equipment, coaching and participation in sport.
